Subject: RE: Navajo Quarterly and Tronox Stakeholder's Meetings Canceled (Rescheduling Coordination)

All,

I wanted to provide a update on the proposed reschedule dates of the Quarterly/Tronox meetings. Based on the initial feedback from participants and availability of per diem rooms, the following are the preferred dates for the rescheduled meetings:

- November 30th – travel day
- December 1 – 3rd – Quarterly/Tronox meetings
- December 4th – travel day

Please let me know of your availability on these dates. For those who have already responded, no need to respond. As the dates get closure, I will send out a link to reserve rooms like we did for the August reservations. Please let me know if you have any questions.

Thanks

Edwin "Chip" Poalinelli

Subject: RE: Navajo Quarterly and Tronox Stakeholder's Meetings Canceled (Rescheduling Coordination)

All,

I have an update on proposed dates for rescheduling our Navajo Quarterly and Tronox Stakeholder's Meetings. I spoke with the hotel and they are willing to work with us to rescheduling our block of rooms at per diem rates. The two possibilities are the week of November 30th and December 7th in San Francisco. Please let me know if you are available these weeks for our Navajo Quarterly and Tronox Stakeholder's Meetings.

Thanks

Subject: Navajo Quarterly and Tronox Stakeholder's Meetings Canceled (Rescheduling Coordination)

All,

As you know, due to the ongoing support of the Gold King Mine Spill, we have cancel the Navajo Quarterly meeting, the Tronox Stakeholder's meeting, and the presentation/discussion on Navajo Fundamental Law by former Chief Justice Yazzie (scheduled for next week).

As we were making notifications of the cancelation, the first question that everyone asked was "what is the rescheduled date"? Lori Lewis reminded me that we had already discussed the week of November 16th for the next Navajo Quarterly/Tronox Stakeholder's Meeting. Please check your calendars if the week of November 16th would work as a proposed reschedule date. A couple of things to consider as we start to coordinate a new meeting date.

- SFD-1, 2, 6 and 9 are slated to pack the last week of October, work at home (or alternate spaces in the building) for the first 2 weeks of November.
- There may be travel restrictions for Navajo and New Mexico.
- Do we want to have the meeting in San Francisco?

If November doesn't work, we should start looking at January due to Holidays and end of year annual leave. Please feel free to propose alternate dates as well. Once we have a proposed date(s) and location, we can coordinate with the other stakeholders.

Thanks
